Happy Paws Happy Homes receives funding for this program from public donations. Spay/Neuter assistance through our organization is available for **DOGS ONLY** that reside in the Blair County area. Upon receipt of this application, it will be reviewed and the applicant will receive notification of its approval status as well as the assistance amount granted. The amount of assistance is based on available funding. The veterinarian listed on this form will be contacted to determine his/her willingness to participate in our program. The amount of assistance will be paid directly to the veterinarian. This amount will not be 100% of the spay/neuter cost, nor will it cover the cost of the vet visit, vaccinations, or any costs other than the spay/neuter surgery.
