### Fostered Pibbles - Looking for Forever Homes

Aurora is approximately 7 months old and was just recently rescued from the Central PA Humane Society. She gets along well with kids and dogs and is working on housetraining, crate-training, and learning basic commands. Aurora is spayed, updated on vaccines, micro-chipped and ready to please!

Kiki recently transitioned from the Huntingdon Co. Humane Society to a foster home. She is 10-12 months old and loves other dogs and kids. She is a quick learner. Kiki is housetrained, crate-trained, spayed, updated on vaccines, micro-chipped and more than ready for the perfect home!

### Calling All Baseball Fans

*(Or People Who Just Want To Have Fun and Raise Money for HPHH)*

We're in need of volunteers for this upcoming season's Altoona Curve games!

What do volunteers have to do at Altoona Curve games?

Volunteers spend a few hours during the game with a group of HPHH volunteers selling food at a concession booth.

HPHH gets a portion of the sales and these funds help us with spay/neuter assistance, costs associated with helping dogs find homes, etc.

It's a great time and volunteers are helping a great cause simultaneously!

### Help Us Help More Dogs Like Kiki and Aurora!

Foster homes provide shelter dogs with a safe place where they can learn what being a dog is all about!

Foster homes for Happy Paws are provided with all supplies and vet care for their foster dog. To become a foster home, a foster application needs to be completed and a home visit is conducted prior to placement. Contact us if you are interested in becoming a foster parent.

### Upcoming Spay/Neuter Dates for Dogs

We still have availability for March 5.

Contact us to schedule a time or if you know of someone who could use financial assistance, please have them contact us.

### Where Are They Now....

You've seen in past newsletters the stories of adorable pibbles that were in need of forever homes. We're happy to report...
